RULING ON ENTITLEMENT¹

On April 19, 2021 Karen Barrera ("Petitioner") filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the "Vaccine Act"). Petitioner alleges that she suffered a right shoulder injury related to vaccine administration ("SIRVA"), a defined Table injury, after receiving an influenza ("flu") vaccine on September 14, 2020. Petition at 1, ¶¶ 1, 12, 14-15. Petitioner further alleges that she received the flu vaccine in the United States, that she suffered the residual effects of her SIRVA for more than six months, and that neither she nor any other party has filed a civil case or received compensation for her SIRVA injury. *Id.* at ¶¶ 1, 13,

16-17. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On January 20, 2023, Respondent filed a combined Rule 4(c) Report and Proffer in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report and Proffer at 1. Specifically, Respondent believes "that [P]etitioner's claim meets the Table criteria for SIRV A." *Id.* at 5.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
